Looking to declutter your iPhone by removing unwanted stickers? This quick guide will walk you through deleting sticker packs in Messages, WhatsApp, and Telegram. Free up space and streamline your sticker collection in just a few easy steps. Let's dive in!

How to Delete Stickers on iPhone

Removing Sticker Packs from Messages

To delete sticker packs from the Messages app on your iPhone, start by opening the Messages app and selecting a conversation to access the app drawer. Tap the App Store icon or swipe through the app drawer at the bottom of the screen. Locate the sticker pack you want to remove, then press and hold its icon until a menu appears.

Choose "Edit" at the bottom of the app drawer. Under the "Favorites" or "More Apps" section, tap the red minus (-) button next to the sticker pack and confirm by selecting "Remove from Favorites." This method for [how to delete stickers on iPhone](#) hides the sticker pack from your Messages app while keeping it stored on your device for future use.

Deleting Sticker Packs via Settings

To completely delete sticker packs:

1. **Open Settings:** Launch the "Settings" app from your home screen.
2. **Go to General:** Scroll down and tap "General."
3. **Select iPhone Storage:** Tap "iPhone Storage" to view all installed apps, including sticker apps.
4. **Locate the Sticker App:** Scroll through the list to find the sticker app you want to delete.
5. **Delete the App:** Tap on the app, then select "Delete App" and confirm to remove it.

This method frees up storage and deletes the sticker app from all areas, including Messages.

Removing Sent Stickers in Messages

To delete individual stickers from a conversation:

1. **Press and Hold the Sticker:** Locate the sticker in the chat and hold it until a menu appears.
2. **Tap "More":** Choose the "More" option.
3. **Select the Sticker:** Mark the sticker for deletion by checking the box next to it.
4. **Tap the Trash Icon:** Delete the sticker by tapping the trash icon at the bottom left.

Note: This action only removes the sticker on your side of the conversation.

Removing Stickers Placed Over Messages

If a sticker is placed over a message or image:

1. **Find the Message:** Locate the message with the sticker.
2. **Press and Hold the Sticker:** Tap and hold the sticker until a menu appears.
3. **Tap “Sticker Details”:** Select this option to view all stickers applied to the message.
4. **Swipe to Delete:** Swipe left on the sticker and tap “Delete” to remove it.

This restores the original message or image.

Hiding Sticker Packs in Messages

To hide sticker packs without deleting them:

1. **Open Messages:** Launch the Messages app and access a conversation.
2. **Tap the App Drawer:** Tap the App Store icon below the text box.
3. **Edit the Drawer:** Tap “Edit” at the bottom of the app drawer.
4. **Toggle Visibility:** Use the switches next to each sticker pack to hide or show them.

This declutters the app drawer while keeping the sticker packs accessible.

Deleting Stickers in WhatsApp

Here’s how to manage stickers in WhatsApp:

1. **Open WhatsApp:** Launch the app and open any chat.
2. **Go to Stickers:** Tap the sticker icon next to the text box.
3. **Tap the Plus (+) Icon:** Open the sticker menu.
4. **Select “My Stickers”:** View your installed sticker packs.
5. **Delete Packs:** Tap the trash icon next to a sticker pack and confirm the removal.

This removes the pack and frees up space.

Removing Stickers in Telegram

To delete stickers in Telegram:

1. **Open Telegram:** Launch the app.
2. **Go to Settings:** Tap the menu icon (three lines) and select “Settings.”
3. **Select Stickers and Emoji:** Access your sticker packs.
4. **Remove Packs:** Tap the trash icon next to a sticker pack to delete it.

This cleans up your sticker collection in Telegram.
